Flower Power

Applique - RMK1013CS

Border - RMK1012BCS

It's flower power time! Here is a great set of Peel and Stick

Wall Flowers for girls of all ages! Great for bedrooms, bathrooms,

lockers, mirrors... Fun, fast, cool and beautiful decor in seconds

with these oversized Gerber daisies (and we threw a few cool

pink dots too into the pack! Just for fun). Check out our other

dots and wall pockets as potential coordinates (sold separately)

Wall Pockets

Applique - RMK1095SCS

We've added functionality to the decorative peel and stick dots! Some of the dots are cut so you can fold half of an inner circle unto itself to

create a small pocket that can hold light, flat objects such as memo notes, pictures, movie/concert tickets, CDs, cards..... Some

of the circles can also be used as Wall Frames (some of the dots have been designed so you can completely remove the center, and apply

a picture behind the remaining circle. Like all RoomMates designs, our wall pockets can be applied onto any smooth, dry and clean surface.

Great for bedrooms, dorm rooms, classrooms, kitchens and of course.... the office! Guaranteed to make people talk!

Wall Frames

Applique - RMK1121SCS

To create a frame, remove the inner portion of the circle. Place your photo/picture behind the circle (so the edges of the picture stick

to the circle). Apply to the desired surface. Here is a great new way to frame and display your favorite photos almost anywhere!

Remove the center of our wall frame appliques, stick a picture behind it (so it sticks to the edges of the frame) and apply onto any smooth,

clean and dry surface: walls (no need for nails, holes, unsightly tape), furniture, lockers, mirrors, refrigerators (magnets do not work on

today's popular stainless steel fridges - RoomMates do!), laptop covers, book covers.... Let your imagination go wild! By the way -

do not throw the centers away, they make for great additional decorative appliques too! It's fun for the office too!
